Mr. Speaker -- I am directed to inform the House of Representatives that the Senate has concurred with the House of Representatives in the passage of a bill of the following title to-wit:

HOUSE BILL 1469

A bill for AN ACT concerning criminal law.

Together with the attached amendments thereto (which amendments have been printed by the Senate), in the adoption of which I am instructed to ask the concurrence of the House, to-wit:

Senate Amendment No. 1 to HOUSE BILL NO. 1469

Senate Amendment No. 2 to HOUSE BILL NO. 1469

Passed the Senate, as amended, May 26, 2005.

Linda Hawker, Secretary of the Senate

AMENDMENT NO. 1. Amend House Bill 1469 on page 4, lines 10 and 11, by replacing "extreme violence, and death" with "and extreme violence"; and on page 4, line 12, by replacing "kidnaping" with "kidnapping"; and on page 4, by replacing lines 15 through 17 with the following: "degree murder, the defendant is guilty of a Class X felony."; and

on page 5, line 5, by inserting "or the Minimum Wage Law, whichever is greater" after "(FLSA)".

AMENDMENT NO. 2. Amend House Bill 1469 on page 5, by inserting immediately below line 10 the following:

"(720 ILCS 5/10A-15 new)

Sec. 10A-15. Forfeitures.

(a) A person who commits the offense of involuntary servitude, involuntary servitude of a minor, or trafficking of persons for forced labor or services under Section 10A-10 of this Code shall forfeit to the State of Illinois any profits or proceeds and any interest or property he or she has acquired or maintained in violation of Section 10A-10 of this Code that the sentencing court determines, after a forfeiture hearing, to have been acquired or maintained as a result of maintaining a person in involuntary servitude or participating in trafficking in persons for forced labor or services.

(b) The court shall, upon petition by the Attorney General or State's Attorney at any time following sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this Section. At the forfeiture hearing the people shall have the burden of establishing, by a preponderance of the evidence, that property or property interests are subject to forfeiture under this Section.

(c) In any action brought by the People of the State of Illinois under this Section, wherein any restraining order, injunction, or prohibition or any other action in connection with any property or interest subject to forfeiture under this Section is sought, the circuit court presiding over the trial of the person or persons charged with involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services shall first determine whether there is probable cause to believe that the person or persons so charged have committed the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services and whether the property or interest is subject to forfeiture pursuant to this Section. In order to make such a determination, prior to entering any such order, the court shall conduct a hearing without a jury, wherein the People shall establish that there is: (i) probable cause that the person or persons so charged have committed the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services and (ii) probable cause that any property or interest may be subject to forfeiture pursuant to this Section. The hearing may be conducted simultaneously with a preliminary hearing, if the prosecution is commenced by information or complaint, or by motion of the People, at any stage in the proceedings. The court may accept a finding of probable cause at a preliminary hearing following the filing of an information charging the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services or the return of an indictment by a grand jury charging the offense of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services as sufficient evidence of probable cause as provided in item (i) of this subsection (c). Upon such a finding, the circuit court shall enter such restraining order, injunction or prohibition, or shall take such other action in connection with any such property or other interest subject to forfeiture, as is necessary to insure that such property is not removed from the jurisdiction of the court, concealed, destroyed, or otherwise disposed of by the owner of that property or interest prior to a forfeiture hearing under this Section. The Attorney General or State's Attorney shall file a certified copy of the restraining order, injunction, or other prohibition with the recorder of deeds or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order, or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the date of such filing. The court may, at any time, upon verified petition by the defendant or an innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission, conduct a hearing to release all or portions of any such property or interest that the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, or prohibition or other action. The court may release such property to the defendant or innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission for good cause shown and within the sound discretion of the court.

(d) Upon conviction of a person of involuntary servitude, involuntary servitude of a minor, or trafficking in persons for forced labor or services, the court shall authorize the Attorney General to seize all property or other interest declared forfeited under this Section upon such terms and conditions as the court shall deem proper.

(e) All monies forfeited and the sale proceeds of all other property forfeited and seized under this Section shall be distributed as follows:

(1) one-half shall be divided equally among all State agencies and units of local government whose officers or employees conducted the investigation that resulted in the forfeiture; and

(2) one-half shall be deposited into the Violent Crime Victims Assistance Fund and targeted to services for victims of the offenses of involuntary servitude, involuntary servitude of a minor, and trafficking of persons for forced labor or services.

(720 ILCS 5/10A-20 new)

Sec. 10A-20. Certification. The Attorney General, State's Attorneys, or any law enforcement official shall certify in writing to the United States Department of Justice or other federal agency, such as the United States Department of Homeland Security, that an investigation or prosecution under this Article 10A has begun and the individual who is a likely victim of a crime described in this Article 10A is willing to cooperate or is cooperating with the investigation to enable the individual, if eligible under federal law, to qualify for an appropriate special immigrant visa and to access available federal benefits. Cooperation with law enforcement shall not be required of victims of a crime described in this Article 10A who are under 18 years of age. This certification shall be made available to the victim and his or her designated legal representative."

HOUSE RESOLUTION 499

Offered by Representative Winters:

WHEREAS, Historic preservation provides opportunities to rapidly employ persons in diverse areas of the economy, revitalize neighborhoods, communities, and rural areas, entice nationwide private capital investment, and foster heritage tourism; and

WHEREAS, The family farm is the foundation of rural America; and

WHEREAS, Many historic barns are located on family farms; and

WHEREAS, Historic barns are becoming national treasures and rehabilitating and repairing historic barns as necessary, to preserve the barns functionality and to preserve the rural landscape, provides benefits to farmers as well as to the communities and economic vitality of the areas in which the barns are located; and

WHEREAS, Congress acted in 2002 to establish a Historic Barn Preservation Program; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the appropriations committees of the United States Congress to appropriate such funds as necessary to implement the Historic Barn Preservation Act in FY 2006; and be it further

RESOLVED, That copies of this resolution be sent to the Honorable Ted Stevens, President Pro Tempore of the U.S. Senate; the Honorable J. Dennis Hastert, Speaker of the U.S. House of Representatives; each member of the Illinois congressional delegation; the Honorable Senator Thad Cochran, Chair of the U.S. Senate Committee on Appropriations; and the Honorable Congressman Jerry Lewis, Chair of the U.S. House of Representatives Committee on Appropriations.

HOUSE RESOLUTION 502

Offered by Representative May:

WHEREAS, The Department of Children and Family Services recognizes that adoption facilitates the endeavors of the State of Illinois to protect children from neglect and harm, enhance childhood health and nutrition, reduce and control diseases in children, foster student learning, and encourage the transition of children into productive responsible adults; and

WHEREAS, Although the adoption of children into loving homes has a positive impact upon the lives of children who might otherwise face the challenges of foster care and the feeling of being unwanted, the difficulties in caring for an adopted child continue well after the formal adoption court order, especially for those families who adopted former wards of DCFS or children with special needs; and

WHEREAS, Children with special needs often have a greater likelihood of not being adopted; and

WHEREAS, Subsidies to adoptive families and post-adoption services are central to the success of many adoptions; and

WHEREAS, DCFS has a significant reservoir of information about post-adoption services in Illinois; and

WHEREAS, There is considerable variation among states concerning programs and services available to adoptive parents of children with special needs and adoptive parents of former state wards and thus, a cross-state analysis would be useful to determine what range of post-adoption programs and services exist in other states; and

WHEREAS, Data from other states with post-adoption programs would be helpful to determine possible changes in Illinois post-adoption programs; and

WHEREAS, Public interest and advocacy groups involved in post-adoption policy have valuable insights, suggestions, and resources; and

WHEREAS, The General Assembly would be well served during legislative deliberations by an in-depth study concerning post-adoptive services, adoption of children with special needs, adoption of DCFS wards, costs of raising adopted children with special needs, and adoption subsidies; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Department of Children and Family Services to conduct a study and issue a report with respect to post-adoption services available in Illinois, the involvement of the Department of Children and Family Services in post-adoption services, and a comparison of the post-adoption programs and services in Illinois with those in other states, particularly focusing on post-adoption support, the adoption of state wards, and the adoption of children with special needs; and be it further

RESOLVED, That the study report also include the following matters:

1. The types of post-adoptive services available in Illinois, including an analysis about the funding levels for those services;
2. A description of all services in Illinois that are available to families with adopted children with special needs;
3. The costs that adoptive families incur while raising a child with special needs;
4. The types of specialized services that adoptive families with children with special needs report that they need;
5. An identification of recent trends in Illinois with respect to the adoption of DCFS wards, particularly since the passage of the federal Adoption and Safe Families Act of 1997;
6. A survey of a random sample of adoptive parents of former DCFS wards in Illinois to gather data on their household characteristics, the parents' estimates of the costs of raising an adopted DCFS ward, the parents' perceptions of the particular needs of an adopted former DCFS ward, and the manner in which the adoptive family spent its adoption subsidy;
7. With respect to other states, determine what subsidies and services are available to families adopting former state wards;
8. With respect to other states, determine what subsidies and services are available to adoptive parents of children with special needs;
9. Where available, determine what other states spend in order to offer subsidies and post-adoption services;
10. With respect to other states, identify and collect policy documents concerning post-adoption services, especially reports, legislation, and policy manuals; and
11. Identify information, reports, and proposals supported by public interest and

advocacy groups involved in post-adoption services; and be it further

RESOLVED, That the adoption study report of the Department of Children and Family Services be submitted to the House of Representatives and the Senate no later than March 6, 2006, and a copy of the study shall be submitted to the Governor; and be it further

HOUSE BILL ON SECOND READING

HOUSE BILL 2010. Having been read by title a second time on April 7, 2005, and held on the order of Second Reading, the same was again taken up.

Representative Smith offered the following amendment and moved its adoption.

AMENDMENT NO. 1. Amend House Bill 2010 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 13A-8 as follows:

(105 ILCS 5/13A-8)

Sec. 13A-8. Funding.

(a) The State of Illinois shall provide funding for the alternative school programs within each educational service region and within the Chicago public school system by line item appropriation made to the State Board of Education for that purpose. This money, when appropriated, shall be provided to the regional superintendent and to the Chicago Board of Education, who shall establish a budget, including salaries, for their alternative school programs. Each program shall receive funding in the amount of \$30,000 plus an amount based on the ratio of the region's or Chicago's best 3 months' average daily attendance in grades pre-kindergarten through 12 to the statewide totals of these amounts. However, if \$19,035,500 or more is appropriated in a fiscal year for alternative school programs, then each program shall instead receive funding in the amount of \$50,000 plus an amount based on the ratio of the region's or Chicago's best 3 months' average daily attendance in grades pre-kindergarten through 12 to the statewide totals of these

amounts. For purposes of the funding ~~this~~ calculation, the best 3 months' average daily attendance for each region or Chicago shall be calculated by adding to the best 3 months' average daily attendance the number of low-income students identified by the Department of Human Services and averaged over the 3 immediately preceding fiscal years, ~~in the most recently available federal census~~ multiplied by one-half times the percentage of the region's or Chicago's low-income students to the State's total low-income students. The State Board of Education shall retain up to 1.1% of the appropriation to be used to provide technical assistance, professional development, and evaluations for the programs.

(a-5) Notwithstanding any other provisions of this Section, ~~each for the 1998-1999~~ fiscal year, the total amount distributed under subsection (a) for an alternative school program shall be not less than the total amount that was distributed under that subsection for that alternative school program for the 2005-2006 ~~1997-1998~~ fiscal year. If an alternative school program is to receive a total distribution under subsection (a) for a given ~~the 1998-1999~~ fiscal year that is less than the total distribution that the program received under that subsection for the 2005-2006 ~~1997-1998~~ fiscal year, that alternative school program shall also receive, from a separate appropriation made for purposes of this subsection (a-5), a supplementary payment equal to the amount by which its total distribution under subsection (a) for the 2005-2006 ~~1997-1998~~ fiscal year exceeds the amount of the total distribution that the alternative school program receives under that subsection for the given ~~1998-1999~~ fiscal year. If the amount appropriated for supplementary payments to alternative school programs under this subsection (a-5) is insufficient for that purpose, those supplementary payments shall be prorated among the alternative school programs entitled to receive those supplementary payments according to the aggregate amount of the appropriation made for purposes of this subsection (a-5).

(b) An alternative school program shall be entitled to receive general State aid as calculated in subsection (K) of Section 18-8.05 upon filing a claim as provided therein. Any time that a student who is enrolled in an alternative school program spends in work-based learning, community service, or a similar alternative educational setting shall be included in determining the student's minimum number of clock hours of daily school work that constitute a day of attendance for purposes of calculating general State aid.

(c) An alternative school program may receive additional funding from its school districts in such amount as may be agreed upon by the parties and necessary to support the program. In addition, an alternative school program is authorized to accept and expend gifts, legacies, and grants, including but not limited to federal grants, from any source for purposes directly related to the conduct and operation of the program.

AMENDMENT NO. 1. Amend House Bill 3092 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 17-3 as follows:

(105 ILCS 5/17-3) (from Ch. 122, par. 17-3)

Sec. 17-3. Additional levies-Submission to voters. The school board in any district having a population of less than 500,000 inhabitants may, by proper resolution, cause a proposition to increase, for a limited period of not less than 3 nor more than 10 years or for an unlimited period, the annual tax rate for educational purposes to be submitted to the voters of such district at a regular scheduled election as follows:

(1) in districts maintaining grades 1 through 8, or grades 9 through 12, the maximum rate for educational purposes shall not exceed 3.5% of the value as equalized or assessed by the Department of Revenue;

(2) in districts maintaining grades 1 through 12 the maximum rate for educational purposes shall not exceed 4.00% of the value as equalized or assessed by the Department of Revenue ; except that if a single elementary district and a secondary district having boundaries that are coterminous ~~on the effective date of this amendatory Act form a community unit district under Section 11-6 on or after the effective date of this amendatory Act of the 94th General Assembly and the actual combined rate of the elementary district and secondary district prior to the formation of the community unit district is greater than 4.00%, then the maximum rate for educational~~ education purposes for such district shall be the following: shall not exceed 6.00% of the value as equalized or assessed by the Department of Revenue.

(B) In each subsequent year, the maximum rate shall be reduced by 0.10% or reduced to 4.00%, whichever reduction is less. The school board may, by proper resolution, cause a proposition to increase the reduced rate, not to exceed the maximum rate in clause (A), to be submitted to the voters of the district at a regular scheduled election as provided under this Section. Nothing in this Section shall require that the maximum rate for educational purpose for a district maintaining grades one through 12 be reduced below 4.00%.

If the resolution of the school board seeks to increase the annual tax rate for educational purposes for a limited period of not less than 3 nor more than 10 years, the proposition shall so state and shall identify the years for which the tax increase is sought.

If a majority of the votes cast on the proposition is in favor thereof at an election for which the election authorities have given notice either (i) in accordance with Section 12-5 of the Election Code or (ii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before

the day of the election in at least one newspaper published in and having a general circulation in the district, the school board may thereafter, until such authority is revoked in like manner, levy annually the tax so authorized; provided that if the proposition as approved limits the increase in the annual tax rate of the district for educational purposes to a period of not less than 3 nor more than 10 years, the district may, unless such authority is sooner revoked in like manner, levy annually the tax so authorized for the limited number of years approved by a majority of the votes cast on the proposition. Upon expiration of that limited period, the rate at which the district may annually levy its tax for educational purposes shall be the rate provided under Section 17-2, or the rate at which the district last levied its tax for educational purposes prior to approval of the proposition authorizing the levy of that tax at an increased rate, whichever is greater.

The school board shall certify the proposition to the proper election authorities in accordance with the general election law.

The provisions of this Section concerning notice of the tax rate increase referendum apply only to consolidated primary elections held prior to January 1, 2002 at which not less than 55% of the voters voting on the tax rate increase proposition voted in favor of the tax rate increase proposition.

A member of a school board, a local school council (as defined by Article 34 of the School Code), the Chicago Board of Education, or the governing body of a private school, while acting in his or her official capacity, who acquires actual knowledge that a child who is enrolled in the school or school district that is subject to the board or body of which he or she is a member is an abused child as defined in Section 3 of this Act shall immediately report that knowledge to the Department or cause such a report to be made to the Department. If any board or body specified in this paragraph has directed one of its members or employees to make a report to the Department, the members of that board or body (other than the member directed to report) shall be deemed to have fulfilled their duty to report under this Section.

Any member of the clergy having reasonable cause to believe that a child known to that member of the clergy in his or her professional capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may

also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

In addition to the above persons required to report suspected cases of abused or neglected children, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. The statement shall be signed prior to commencement of the employment. The signed statement shall be retained by the employer. The cost of printing, distribution, and filing of the statement shall be borne by the employer.

The Department shall provide copies of this Act, upon request, to all employers employing persons who shall be required under the provisions of this Section to report under this Act.

Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(7) of Section 26-1 of the "Criminal Code of 1961". Any person who violates this provision a second or subsequent time shall be guilty of a Class 3 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that his parent, guardian or custodian accepts and practices such beliefs.

A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

SENATE BILL 1912. Having been printed, was taken up and read by title a second time.

The following amendment was offered in the Committee on Electric Utility Oversight, adopted and printed:

AMENDMENT NO. 1. Amend Senate Bill 1912 by replacing everything after the enacting clause with the following:

"Section 5. The Public Utilities Act is amended by changing Sections 16-111 and 16-111.3 as follows:
(220 ILCS 5/16-111)

Sec. 16-111. Rates and restructuring transactions during mandatory transition period.

(a) During the mandatory transition period, notwithstanding any provision of Article IX of this Act, and except as provided in subsections (b), (d), (e), and (f) of this Section, the Commission shall not (i) initiate, authorize or order any change by way of increase (other than in connection with a request for rate increase which was filed after September 1, 1997 but prior to October 15, 1997, by an electric utility serving less than 12,500 customers in this State), (ii) initiate or, unless requested by the electric utility, authorize or order any change by way of decrease, restructuring or unbundling (except as provided in Section 16-109A), in the rates of any electric utility that were in effect on October 1, 1996, or (iii) in any order approving any application for a merger pursuant to Section 7-204 that was pending as of May 16, 1997, impose any condition requiring any filing for an increase, decrease, or change in, or other review of, an electric utility's rates or enforce any such condition of any such order; provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to

rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

(4) ordering or allowing into effect any tariff to recover charges pursuant to Sections 9-201.5, 9-220.1, 9-221, 9-222 (except as provided in Section 9-222.1), 16-108, and 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act.

After December 31, 2004, the provisions of this subsection (a) shall not apply to an electric utility whose average residential retail rate was less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and which served between 150,000 and 250,000 retail customers in this State on January 1, 1995 unless the electric utility or its holding company has been acquired by or merged with an affiliate of another electric utility subsequent to January 1, 2002. This exemption shall be limited to this subsection (a) and shall not extend to any other provisions of this Act.

(b) Notwithstanding the provisions of subsection (a), each Illinois electric utility serving more than 12,500 customers in Illinois shall file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 15% from the base rates in effect immediately prior to January 1, 1998 and (ii) if the public utility provides electric service to (A) more than 500,000 customers but less than 1,000,000 customers in this State on January 1, 1999, reducing, effective May 1, 2002, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998, or (B) at least 1,000,000 customers in this State on January 1, 1999, reducing, effective October 1, 2001, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998. Provided, however, that (A) if an electric utility's average residential retail rate is less than or equal to the average residential retail rate for a group of Midwest Utilities (consisting of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin), based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1999, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January 1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by 1% from the base rates in effect immediately prior to January 1, 1998. Provided, further, that any

electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

(d) During the mandatory transition period, but not before January 1, 2000, and notwithstanding the provisions of subsection (a), an electric utility may request an increase in its base rates if the electric utility demonstrates that the 2-year average of its earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effects of accelerated depreciation or amortization or other transition or mitigation measures implemented by the electric utility pursuant to subsection (g) of this Section and the effect of any refund paid pursuant to subsection (e) of this Section, is below the 2-year average for the same 2 years of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The Commission shall review the electric utility's request, and may review the justness and reasonableness of all rates for tariffed services, in accordance with the provisions of Article IX of this Act, provided that the Commission shall consider any special or negotiated adjustments to the revenue requirement agreed to between the electric utility and the other parties to the proceeding. In setting rates under this Section, the Commission shall exclude the costs and revenues that are associated with competitive services and any billing or pricing experiments conducted under Section 16-106.

(e) For the purposes of this subsection (e) all calculations and comparisons shall be performed for the Illinois operations of multijurisdictional utilities. During the mandatory transition period, notwithstanding the provisions of subsection (a), if the 2-year average of an electric utility's earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effect of any refund paid under this subsection (e), and further adjusted to include the annual amortization of any difference between the consideration received by an affiliated interest of the electric utility in the sale of an asset which had been sold or transferred by the electric utility to the affiliated interest subsequent to the effective date of this amendatory Act of 1997 and the consideration for which such asset had been sold or transferred to the affiliated interest, with such difference to be amortized ratably from the date of the sale by the affiliated interest to December 31, 2006, exceeds the 2-year average of the Index for the same 2 years by 1.5 or more percentage points, the electric utility shall make refunds to customers beginning the first billing day of April in the following year in the manner described in paragraph (3) of this subsection. For purposes of this subsection (e), the "Index" shall be the sum of (A) the average for the 12 months ended September 30 of the number referred to in Section 16-111.3 of this Act ~~the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication~~ for each year 1998 through 2006, and (B) (i) 4.00 percentage points for each of the 12-month periods ending September 30, 1998 through September 30, 1999 or 8.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section,

based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995, (ii) 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 if the electric utility was providing service to at least 1,000,000 customers in this State on January 1, 1999, or 9.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995 and the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, (iii) 11.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006, but only if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, and the electric utility offers delivery services on or before June 1, 2000 to retail customers whose annual electric energy use comprises 33% of the kilowatt hour sales to that group of retail customers that are classified under Division D, Groups 20 through 39 of the Standard Industrial Classifications set forth in the Standard Industrial Classification Manual published by the United States Office of Management and Budget, excluding the kilowatt hour sales to those customers that are eligible for delivery services pursuant to Section 16-104(a)(1)(i), and offers delivery services to its remaining retail customers classified under Division D, Groups 20 through 39 on or before October 1, 2000, and, provided further, that the electric utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006, or (iv) 5.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for all other electric utilities or 7.00 percentage points for such utilities for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for any such utility that commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006 or 11.00 percentage points for each of the 12-month periods ending September 30, 2005 and September 30, 2006 for each electric utility providing service to fewer than 6,500, or between 75,000 and 150,000, electric retail customers in this State on January 1, 1995 if such utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006.

(1) For purposes of this subsection (e), "excess earnings" means the difference between (A) the 2-year average of the electric utility's earned rate of return on common equity, less (B) the 2-year average of the sum of (i) the Index applicable to each of the 2 years and (ii) 1.5 percentage points; provided, that "excess earnings" shall never be less than zero.

(2) On or before March 31 of each year 2000 through 2007 each electric utility shall file a report with the Commission showing its earned rate of return on common equity, calculated in accordance with this subsection, for the preceding calendar year and the average for the preceding 2 calendar years.

(3) If an electric utility has excess earnings, determined in accordance with paragraphs (1) and (2) of this subsection, the refunds which the electric utility shall pay to its customers beginning the first billing day of April in the following year shall be calculated and applied as follows:

(i) The electric utility's excess earnings shall be multiplied by the average of the beginning and ending balances of the electric utility's common equity for the 2-year period in which excess earnings occurred.

(ii) The result of the calculation in (i) shall be multiplied by 0.50 and then divided by a number equal to 1 minus the electric utility's composite federal and State income tax rate.

(iii) The result of the calculation in (ii) shall be divided by the sum of the electric utility's projected total kilowatt-hour sales to retail customers plus projected kilowatt-hours to be delivered to delivery services customers over a one year period beginning with the first billing date in April in the succeeding year to determine a cents per kilowatt-hour refund factor.

(iv) The cents per kilowatt-hour refund factor calculated in (iii) shall be credited to the electric utility's customers by applying the factor on the customer's monthly bills to each kilowatt-hour sold or delivered until the total amount calculated in (ii) has been paid to customers.

(f) During the mandatory transition period, an electric utility may file revised tariffs reducing the price of any tariffed service offered by the electric utility for all customers taking that tariffed service, which shall be effective 7 days after filing.

(g) During the mandatory transition period, an electric utility may, without obtaining any approval of the Commission other than that provided for in this subsection and notwithstanding any other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;

(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or

(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility that such entries are in accord with those cost allocation guidelines;

(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;

(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;

(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and

(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power purchase agreement with the entity to which such generating plant is sold, assigned, leased, or otherwise transferred, the electric utility also agrees, if its fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator.

(vi) In addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity

transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of \$25,000,000 in terms of total depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity, calculated in accordance with subsection (d) of this Section, for each year from the date of the notice through December 31, 2006 both with and without the proposed transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result in the electric utility being entitled to request an increase in its base rates during the mandatory transition period pursuant to subsection (d) of this Section. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the electric utility or by an intervening party, shall be filed within 10 days after service of the order.

The Commission shall not in any subsequent proceeding or otherwise, review such a reorganization or other transaction authorized by this Section, but shall retain the authority to allocate costs as stated in Section 16-111(i). An entity to which an electric utility sells, assigns, leases or transfers assets pursuant to this subsection (g) shall not, as a result of the transactions specified in this subsection (g), be deemed a public utility as defined in Section 3-105. Nothing in this subsection (g) shall change any requirement under the jurisdiction of the Illinois Department of Nuclear Safety including, but not limited to, the payment of fees. Nothing in this subsection (g) shall exempt a utility from obtaining a certificate pursuant to Section 8-406 of this Act for the construction of a new electric generating facility. Nothing in this subsection (g) is intended to exempt the transactions hereunder from the operation of the federal or State antitrust laws. Nothing in this subsection (g) shall require an electric utility to use the procedures specified in this subsection for any of the transactions specified herein. Any other procedure available under this Act may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall not establish or use any rates of depreciation, which for purposes of this subsection shall include amortization, for any electric utility other than those established pursuant to subsection (c) of Section 5-104 of this Act or utilized pursuant to subsection (g) of this Section. Provided, however, that in any proceeding to review an electric utility's rates for tariffed services pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the Commission may establish new rates of depreciation for the electric utility in the same manner provided in subsection (d) of Section 5-104 of this Act. An electric utility implementing an accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or recording reductions to the original cost of its assets, pursuant to subsection (g) of this Section, shall file a statement with the Commission describing the accelerated cost recovery method to be implemented or the reduction in the original cost of its assets to be recorded. Upon the filing of such statement, the accelerated cost recovery method or the reduction in the original cost of assets shall be deemed to be approved by the Commission as though an order had been entered by the Commission.

(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or

projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section 16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%. In any such case, the Commission may also elect to extend the provisions of Section 16-111(e) for any period in which the electric utility is collecting transition charges, using information applicable to such period.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and (B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving, subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend \$2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

Sec. 16-111.3. Transition period earnings calculations. The rate for the purpose of calculating the Index defined in subpart (A) of subsection (e) of Section 16-111 of this Act shall be established by reference to the weekly H.15 Statistical Release or successor publication of the Board of Governors of the Federal Reserve System. Of each of the following that are published in that weekly Statistical Release or successor publication, the lowest shall be used: (i) monthly average nominal yields of 20-year U.S. Treasury Bonds, (ii) Monthly Average Nominal Treasury Long-Term Treasury Rates (25 years and above), and (iii) monthly average nominal yields of 30-year U.S. Treasury bonds. At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its

~~weekly H.15 Statistical Release or successor publication, the Monthly Treasury Long Term Average Rates (25 years and above) published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication shall instead be used to establish a rate for the purpose of calculating the Index defined in subsection (e) of Section 16-111 of this Act, and at such time, such Monthly Treasury Long Term Average Rates (25 years and above) shall also be used in place of the monthly average yields of 30 year U.S. Treasury bonds in the rate of return calculation required by subsection (d) of Section 16-111.~~ An electric utility shall also remove the effects, if any, of any impairment due to the application of Statement of Financial Accounting Standards No. 142, which was issued in June 2001, when making the calculations required by this Section or by subsections (d) and (e) of Section 16-111.

Section 15. Section 20. The General Assembly finds as follows:

(1) Public Act 92-532 authorized the transfer of parcels of land from the Illinois Department of Corrections to the City of St. Charles.

(2) It was the understanding of the Illinois Department of Corrections and the City of St. Charles that the conveyance described in Section 10 of this Act would be included in Public Act 92-532.

(3) It has since been discovered that the conveyance described in Section 10 of this Act was not included in Public Act 92-532, and this Act is necessary to ensure that the conveyance be made so that the land may be used for a public purpose.

Section 25. The Director of the Illinois Department of Corrections is authorized to convey a permanent exclusive easement to the City of St. Charles, Illinois, lessees of the City of St. Charles, Illinois, and all public utility companies of any kind of operation under franchise agreements granting them easement rights from the City of St. Charles, Illinois, and their successors and assigns in, upon, across, over, under, and through the following described land in Kane County, Illinois:
